Without detracting from the foregoing, it is hereby clarified that if any financial information and/or information regarding the activities of the Companies (including information about construction projects (hereinafter: the "Projects")) is provided on the Website, such information may not necessarily reflect the current situation as of the date of its publication on the Website. Any information, including financial or business information, published on the Website is provided for convenience only. If you wish to obtain complete and accurate information about the Companies' activities, please refer to the official information reported by the relevant Companies (as applicable) in their official publications to the Israel Securities Authority and/or the Tel Aviv Stock Exchange Ltd. (including financial statements, corporate social responsibility reports, project information, and/or other reports).

The information on the Website may include Forward-Looking Information, consisting of forecasts, assessments, estimates, and other information related to any of the Companies or to future events and issues that are beyond the control of the Companies and may or may not materialize. The primary facts and data underlying such information are related to the current status of each Company's business, the present conditions of the areas in which each Company operates, and other facts and data known at the time they were posted on the Website.

The information displayed on the Website regarding the projects, including photos, videos, simulations, and information related to project feasibility, visibility, apartment and/or building images, surrounding areas, project location, apartment plans and/or specifications, apartment mix, project characteristics, purpose, number of buildings, building heights, contents, number of floors, parking lot information, number of

housing units, area, and/or any other details or data, is provided for illustration purposes only, It is not binding on the Companies and may be changed at the discretion of the Companies and/or based on regulatory requirements. Reliance on such information is not advised, and the Companies do not guarantee that the information will accurately reflect the projects as they are or will be in practice. Any actual engagement and/or its terms are subject to the discretion of the Companies, the engagement agreement signed between the parties (if signed), and/or regulatory requirements.

Of course, Forward-Looking Information is not factual; it is based solely on the subjective assessments of the Companies. Such information is inherently uncertain, may not materialize, cannot be predicted in advance, and is generally beyond the control of the Companies. The realization or non-realization of Forward-Looking Information will depend, among other factors, on the risks inherent in the activities of the Companies, developments in the general environment, and external factors affecting the Companies' operations—all of which are unpredictable and beyond the control of the Companies. The actual future results and achievements of the Companies may differ materially from those presented on this Website. The Companies do not undertake to update or revise such forecasts or assessments to reflect events or circumstances that occur after the publication date of the information on the Website, nor do they undertake to update the Website itself.

Any information and/or opinions presented on this Website do not constitute an investment recommendation, nor do they constitute an offer or solicitation to buy or sell securities of any of the Companies (as applicable), related companies, or any other entity. Any investment decision should be made solely based on professional advice from a competent expert.

The above does not detract from the provisions set forth in the Terms of Use.
